1. In pursuance of our last meeting I am sending you a revised copy of the paper on "Requirements Problem Re: DCIB 4/5".

2. Would you be good enough to let me have the views of your office regarding your agreement or disagreement (and in the latter case reason therefor) or any amendments you wish. On receipt of them I plan to make this paper and your views available to [REDACTED] with the recommendation that he send this paper, as he might wish to amend it, to the other agencies for their comment.
